Pacific Northwest Region

1220 SW Third Avenue (97204)  
P.O. Box 3623  
Portland, OR 97208-3623

---

**File Code:** 1230; 5100

**Route To:**

**Date:** August 30, 2018

**Subject:** Review of Emergency Operations in Inventoried Roadless Areas (IRAs)

**To:** Forest Supervisor, Willamette NF

Your request made on August 30, 2018, for tree thinning and brush removal, in the French Pete (a) and McLennan IRAs is approved. This letter provides written confirmation of Regional Forester review, consistent with the Region's process for reviewing emergency activities in IRAs that involve tree cutting and/or road construction. Consistent with your request, this authorization is for timber cutting and brush removal utilizing existing roads as outlined in your request in the French Pete (a) and McLennan IRAs (as depicted on the attached maps), in order to continue suppression operations of the Terwilliger Fire.

Please follow up with Debbie Anderson, Regional Inventoried Roadless Area Coordinator to provide information contained in the Regional Forester Review of Emergency Operations Form - 2018, which is enclosed.

Please contact me if you have any questions.

*fw* DIANNE C. GUIDRY  
Acting Regional Forester

Enclosure: Regional Forester Review of Emergency Operations Form
